McDonald's Signs Stir Controversy

By BETSY ROSSEN

McDonald's restaurant patrons may have to "look for the golden arches" a little more closely in Antioch.

Village officials disagree on whether to allow the business, which received a building permit Monday night for construction on Orchard St., to use two of its conventional, free-standing signs.

The signs would be in violation of Antioch's new ordinance requiring signs to be flush with buildings. If an exception is made, it would come despite plan commission opposition.

AT MONDAY NIGHT'S village board meeting, plan commission chairman Ken Wierschem told the trustees, "I don't think the absence of their sign will hurt them one quarter-pounder with cheese or a large order of fries."

He reported that all six plan commission members in attendance at last Thursday's special meeting shared his opinion.

Mayor Robert Wilton and Chamber of Commerce vice-president Bill Patterson disagreed, expressing concern that the issue may cause the village to lose the restaurant.

ALSO PRESENT at the village board meeting was Alice Young, owner of property at 701 Main St. She and developer Edward Palmer hope to construct senior citizen housing on the acreage.

Both appeared before the board, following a session last week with the plan commission. The board instructed them to petition the zoning board of appeals to allow for double the present zoning of 15 units per acre.

As reported in last week's Antioch News, the project includes two three-story buildings housing 120 one-bedroom units. Architect's sketches shown Monday also call for 47 parking spaces and elevators.

Palmer says the housing is a federal project, financed through conventional mortgaging and Federal Housing Authority (FHA) funding. "We would own and manage the property ourselves," he said.

Because of the federal funding, occupants would spend no more than 25 percent of their gross income on rent, utilities provided.

SPEAKING FOR THE CHAMBER, Patterson commended the board for its "fast action" in hiring such a "fine young man" for a meter attendant and crossing guard. Board approval was given to a safety committee decision to hire William Zeason for the job.

Patterson also announced that work is being done to improve the quality of Christmas music played in the shopping areas. The businessmen's

The Gastons Built the Antioch News

Ever wonder how Annie Mae got her start? Or how about Antioch's nickname, "The Hub of the Lakes Region"?

Both features of local culture came to be through the Gaston family and The Antioch News.

when it was 40 years old, in August of 1926, following eight years' work with the Richmond Gazette.

He and his wife, Margaret, published the paper for five years in a small frame building on east Main St., south of Depot St.

A SURPRISE RETIREMENT PARTY was given last week for Vern (Barney) Barnstable, center, upon his retirement from Rittenhouse & Embree Lumber Co. At left is Francis (Bud) Scichowski, general manager of the firm, who arranged for Barney's fellow workers and friends to surprise and honor him at Antioch Country Club. At the right is Ed Vos, who was Barney's boss for 28 years at Antioch Lumber Co., which was acquired by Rittenhouse & Embree three years ago. (Another picture on page 2.)

Board Meets Week Early

The regular monthly meeting of the board of education of Antioch High School, District 117, will be held on Thursday at 7:30 p.m., in the board room.

The meeting was changed from the fourth Thursday of the month due to the conflict with the Thanksgiving holiday.

AMONG THOSE PRESENT at Barney Barnstable's retirement party (see picture on page 1) were, from left, Barney and his wife Dorothy; Antioch's fire chief, Tod Maplethorpe; Ed Vos and Bud Scichowski. "I'm losing a great man," said Bud. "It was a complete surprise," said

Barney when his friends and fellow workers showed up for the party. "I'm just going to take it easy for a while," he added. Barney worked at the local lumber yard for 31 years. He was a village trustee for eight years and is deputy chief of the fire department.

Dies in Crash Near Here

A 25-year-old Wildwood man was killed early last Saturday in an auto crash on Grass Lake Rd., near Antioch. Sheriff's deputies said John F. Robbins Jr. was thrown from his car after it left the road and rammed into a tree west of Deep Lake Rd. He was dead on arrival at St. Therese Hospital in Waukegan. The coroner said he suffered head injuries.

group will be renting a recorded music set-up from the 3-M Corporation and repairing and adjusting speakers.

IN OTHER ACTION, trustees authorized a partial permit for concrete work on Tuffie's Restaurant. The building, scheduled to open in January, will be on the northeast corner of routes 83 and 173.

Builders Lou Baçoyanis, John Bakos and Peter Mandas will have to return to the village for further building permits. The restaurant will eventually seat 160 with parking for 60 cars.

Board approval was also given to work on re-routing of storm and sanitary sewer systems at

Antioch Grade School. The school plans expansion to include a band room.

ANTIOCH VILLAGE OFFICIALS will be attending a meeting Thursday of the Municipal League.

Of special interest at the meeting is discussion of vandalism ordinances. Several area governing bodies have passed legislation holding parents responsible for a child's illegal acts.

In Lindenhurst, parents or guardians of children 11 to 19 years old may be fined \$25 to \$500 on offenses other than the first.

Prepare Your Car For Winter

The Chicago Motor Club-AAA urges motorists to prepare their cars for winter immediately and offers the following checklist as a handy helper to get the job done:

- Test battery for full charge, clean terminals, check or replace cables and clamps.

- Give the engine a thorough tune-up including inspection of alternator, distributor points and timing; clean or replace spark plugs; adjust carburetor.

- Drain and reverse flush radiator at two-year intervals.

- Tighten hose clamps, replace soft or rotted hoses to prevent loss of antifreeze, and add permanent antifreeze to the radiator to guard against rust and evaporation.

- Check fuel pump.

- Fill crank case with winter-grade or all-weather oil.

- Grease chassis and check fluid level in transmission, differential and power-operated units.

- Apply graphite or a silicone spray to all locks to prevent freezing.

- Check defroster and heater for proper operation.

- Add antifreeze solvent to automatic windshield washer reservoir.

- Be sure brakes are equalized.

- Check tire tread depths. Consider snow tires.

- Replace ineffective wiper blades or arms.

'Brevity is
the Soul
of Wit.'—
Shakespeare

By JERRY PFARR

Some of the world's best literature has been written for newspapers.

The reason Shakespeare, Hemingway and Zane Grey never made it to the top is because they were too wordy.

Any of the great books can be improved merely by condensing them to three paragraphs. Take the first paragraph, the last paragraph and one from the middle and you get the author's message.

The rest is just padding. (Those guys get paid by the word, you know.)

The secret is to select the right paragraph from the middle. It takes a little practice, but after a while you seize it without difficulty. (Most books automatically fall open to the page that contains the all-important message.)

FOR EXAMPLE, suppose Shakespeare walked into the office and handed his story to a rewrite man. It might come out in the newspaper something like this:

Hamlet, Prince
Of Denmark, Dies

By WILLIAM SHAKESPEARE

Bernardo: Who's there?

Hamlet: To be, or not to be; that is the question.

Horatio: Go, bid the soldiers shoot.

NOTICE HOW the story suddenly takes on new impact? If Shakespeare could have kept it down to three paragraphs he could have (1) increased his readership, and (2) got himself a job on a newspaper.

Margaret Mitchell walks into the newsroom. She has just finished working hard on what she thinks is a pretty good yarn. The copy editor takes out his pencil:

Tara Reported
Gone With
The Wind

no byline

"Scarlett O'Hara was not beautiful, but men seldom realized it when caught by her charm..."

"Frankly, Scarlett, I don't give a damn."

"I'll think of it all tomorrow, at Tara. I can stand it then After all, tomorrow is another day."

Here comes another manuscript with 1,370 pages. It's been called the greatest novel ever written but doesn't necessarily claim the most finishers. Maybe it needs a good editing job.

War and
Peace Seen

By LEO TOLSTOY

"Well, Prince, so Genoa and Lucca are now just

family estates of the Buonapartes."

"Horses and men were lying in pools of blood. Neither Napoleon or any of his generals had ever before seen such horrors."

"But why go to Petersburg?" Natasha suddenly asked, and hastily replied to her own question.

"But no, no, he must ...

Yes, Mary. He must ..."

I'll admit that doesn't make much sense, but look at the time you saved.

Dealing With Terrorists

Some of those who led the charge against CIA, FBI and police intelligence work a few months ago may be having second thoughts.

In late September, on the floor of Congress, a liberal member denounced the "terrorist bombing" in Washington, D.C. that took the life of a Chilean former diplomat of the deposed Allende regime.

Since the victim's politics were well to the left, there was a natural assumption in some quarters that this murderer(s) were of the opposite persuasion; perhaps even agents of DINA, the Chilean secret police.

OTHER LIBERAL CONGRESSMEN joined in demanding that the FBI find the murderers and bring them to justice. There's the rub. On the same day, FBI Director Clarence Kelley was testifying before a Congressional committee that his agency had recuced the number of domestic security investigations from a routine 21,000 or so two years ago to a present grand total of 626!

This was a direct result of pressure from liberal policymakers who seemed determined to render ineffective all the agencies responsible for our safety - or so their hullabaloo over undercover work by these agencies seemed to imply. In its wake, the attorney general of the United States laid down the anti-security guidelines that now restrict the FBI in its work.

UNWARRANTED PRYING by government into private lives is something nearly all Americans must be opposed to. But government's principal responsibility, after all, is to protect us from harming one another.

At what point do we insist so much on "privacy" that law enforcement agencies are unable to guard us against today's terrorism? The zealots in this matter seemed willing to throw out the baby with the bathwater.

In recent years there has been an alarming increase in the number of bombings, arson, hijackings and assassinations. Last year there were more than 2,000 bombings. They caused 69 deaths.

IN THE LAST five years, 43 policemen have been killed in terrorist violence in the United States. A number of anti-Castro Cubans in Miami have been blown up. A New York bombing was attributed to a Castro-supported Puerto Rican separatist group. Something called the New World Liberation Front claims credit for bombing the South African consulate in San Francisco.

Yet, police in American cities have been pressured into destroying millions of pieces of intelligence file data on revolutionary groups. The House Internal Security committee has been abolished. FBI agents who join terrorist groups to learn about their plans have been a major target of the anti-intelligence zealots.

A FEW YEARS AGO, however, there was no objection when an FBI agent joined the Ku Klux Klan and identified the murderers of young civil rights activists. Had he been exposed he would probably have lost his life. The liberals applauded then. Now they use a double standard.

The FBI estimates there are some 15,000 terrorists in about two dozen leftist groups in the U.S. The only effective way of dealing with this kind of guerrilla threat is to infiltrate the groups and learn their plans in advance, just as those FBI agents once infiltrated the Klan.

If they could, I, for one, wouldn't feel that my constitutional right of privacy has been endangered.

Dear Editor:

What is this world coming to? It's bad enough that some of the fun is taken out of trick-or-treating because of some sick people who put dangerous items or drugs into candy, but when I read the Nov. 3, 1976, letter to the editor, I couldn't help but feel very sorry.

It stated that you no sooner sit down than your doorbell rings again, and for four hours there is no peace of mind. Then it mentioned the cost of candy, the hardship of making home-baked goods, and the out-of-town kids that have time to "invade" Antioch.

There is an obvious solution, and that is NOT to answer your door. I sincerely hope my daughter went to houses filled with people who enjoy that one day a year when it's a joy to see children dressed up for Halloween.

Let's not bring miseries on the children who have nothing but good intentions when they come knocking at your door. Believe it or not, some people (like myself) actually ENJOY Halloween, and wish it would last all night, instead of just four hours.

Are Christmas and Thanksgiving also a waste of money, and should be limited to two hours for your "peace of mind?"

Thank goodness not everybody has that attitude.

Sincerely,
Mrs. Gigi Spittle

The Time Machine

70 YEARS AGO: NOV. 15, 1906

The many friends of Miss Elva Didama gave her a tin shower at her home on Friday evening of last week. The young people spent a very pleasant evening in games and the occasion was one that will long be remembered.

On Tuesday a number of the members of the Royal Neighbors of this place were guests of the Neighbors at Grayslake at an afternoon session of the lodge and banquet. Two candidates were initiated into the mysteries of the order, the Antioch team doing the work.

50 YEARS AGO: NOV. 18, 1926

Just fifty minutes after robbing the Spring Grove State Bank two Chicago bandits were captured with \$21,000 loot at the railway station in Fox Lake. Following the arrest the pair was taken to the county jail at Waukegan where a written confession was obtained by Sheriff Ahlstrom. The bandits talked freely of their plans and the robbery.

Another beautiful filling station is to adorn north Main street in Antioch, a new brick veneer structure now in course of construction just north of the Main Garage. For some time past, A. Mapletorpe has felt the pressing need of more adequate quarters for his rapidly growing business.

20 YEARS AGO: NOV. 15, 1956

Dr. George W. Jensen of Antioch was appointed county veterinarian by the County Board of Supervisors Tuesday. Jensen, 66, has been a veterinarian for 36 years.

The board of education will present building plans for a new school at a meeting of the Antioch Grade School Parent-Teacher Association Monday. Need of additional classroom space became evident this year when it became necessary to use the Scout House for kindergarten classes, Oakland school for a section of fourth graders and all of the original school building which is obsolete. Board members are Norman Jede, president; Mrs. James Kopriva, secretary; Charles Wertz, Harold Cardiff, Mrs. Joseph Patrovsky, Robert Lindblad and Wendell Nelson.

10 YEARS AGO: NOV. 17, 1966

The final curtain has gone down on "Once Upon a Mattress," PM&L's opening production of the season, and undoubtedly many among the audience are still laughing about this hilarious and very successful musical comedy. Hats off to Dee D'Isa, the craziest princess you ever saw, and also to the nearly 700 people who came to see her and an equally fine cast.

A local office for making a recording to send to your particular serviceman for Christmas has been established at the Chamber of Commerce office above Harold's Restaurant, 908 Main St. The recordings are a service of the Lake County Region of the American Red Cross is jointly sponsored by the Antioch Chamber and Quaker Industries, Inc.

Prepare Gardens Now

Gardeners who grow annual plants in heavy soils (high clay content) can get a "head start" next spring by performing major soil preparation (spading, plowing or rototilling) this fall.

Till the soil deeply (7 to 8 in.) and leave the surface rough. A rough surface is less subject to erosion by wind and water.

Fall tillage permits late fall and spring rains as well as freezing and thawing to reduce large lumps into small particles. Seedbed preparation for early spring crops can then be achieved much easier and earlier.

Fall tillage also permits deep incorporation of needed plant food nutrients. A soil test taken now will tell the amounts of lime, phosphorus, and potassium needed to bring nutrient levels up to the optimum for plant growth.

Materials to improve soil structure or texture can also be incorporated during major tillage operations in the fall. Deep incorporation of organic material such as compost, peat moss, or animal manure will provide benefits recognizable for the next several growing seasons. These benefits are improved porosity which improves water movement, and a better medium for root development.

Organic matter additions will increase total soil volume in the prepared area giving a slight crown which will help move excess water off the garden.

Late fall spading or plowing also disrupts the life cycle of certain insects that could overwinter and cause problems next spring.

Don't take old age sitting down!

Right now millions of Americans are being forced to sit back and rock their lives away. Simply because they're older. Stop and think about it!

It's going to happen to you. You're going to be "older" someday.

Try and imagine what you'll be like. What you'll want to do.

NATURE ENTHUSIASTS in the Antioch area were treated last week to a sight such as this one on east Loon lake, where two whistling swans graced the shoreline. Others were sighted by Oakwood Knolls residents. The birds are rare and, as any good hunter knows, illegal to shoot.

Swans Visit Antioch

By JENNIE LIPMAN

Did you see the beautiful swans on the lake? They were reported by one of our more observant neighbors who truly appreciates the beauty of nature. There are about 16 gray and white swans, with their young, swimming in the lake and channel.

Don't any of you hunting enthusiasts practice your aim on these birds. If you get a chance, look down by the channel and see if our friends are still with us.

BECAUSE LAST THURSDAY, Nov. 11, was Veterans Day, I think it is an appropriate time to mention that Mrs. Ella Cerny is a dedicated volunteer at Hines Veterans' Hospital.

She is also a member of American War Mothers, one of 300 organizations which sponsor the

volunteers who serve the sick and disabled veterans. Mrs. Cerny, representative of volunteer services at Hines, strongly believes that every mother who has a son or daughter in service should belong to American War Mothers.

Anyone interested in volunteer work is welcome to help out at Hines Veterans' Hospital. If you wish more information, call Mrs. Cerny at 395-2545.

THIS WEEK'S birthday wishes go to Don Purfeerst, Sr. on Nov. 18 and Sandra Petykowski on Nov. 21. Happy anniversary to Jack and Drue Syria on Nov. 16.

GOOD LUCK to Oakwood Knolls boys who are members of the youth bowling league. They participated in their first tournament of the season Nov. 14. Let us know the results, boys!

The Gastons and the Antioch News

Continued from page 1

With Mr. Gaston as editor and Mrs. Gaston at work in the front office, they then moved to the building which now houses Wilton Electric.

TODAY SHE FONDLY and clearly remembers those building years, 35 of which were spent in the second Main St. location. In addition to office duties, she served as an ad seller and reporter.

"I loved the whole business," she says, "particularly talking to people."

Homer died in November of 1943. The New York Times had a story on his death, calling him a "militant country editor who kept a watchful eye over Lake County affairs."

Born in Greencastle, Ind., he taught school at the age of 18. Two years later, he entered the newspaper business with his brother.

IT WAS HOMER, called "HB" by his friends, who first dubbed Antioch "The Hub," a name still used today.

"Along the Way with Annie Mae," the popular feature which reports news heard about town, first appeared in 1961. The original Annie, Bette Meyer, is the present owner of The Gilded Cage.

AFTER HOMER'S DEATH at the age of 60 his son, Howard, took over the newspaper. Two other sons, Robert and Harold, joined the Antioch News when they returned from service.

Howard later went into the printing business for himself on Orchard St., and ill health forced Robert to move to Arizona.

Harold Gaston and his wife, Millie, then published the paper for six years. Margaret worked for them part-time, writing some of the society news and other stories.

Homer and Margaret also had a daughter, the late Elizabeth Shepard.

In 1966 The Antioch News moved to 966 Victoria St., where Harold and Millie still operate A&B

Wilton; Sue Koppa, recreation director; and Walt Shepard, public works superintendent. Doris Mieridirk of the VFW auxiliary made the presentation of the flag.

Printing Service, Inc. They sold the newspaper to Joseph and Barbara Rush in 1971 and the Rushes sold it in 1974 to the present publisher, Jerry Pfarr.

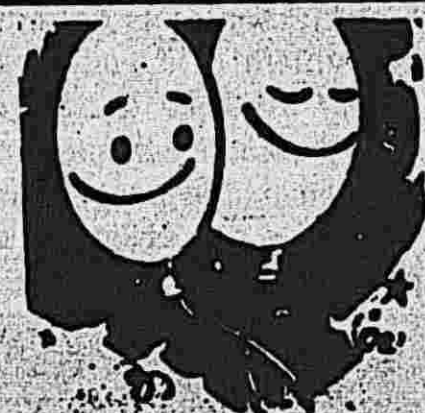

MARGARET GASTON RETIRED from the newspaper business in 1968 at the age of 79. Though she had a stay in the hospital earlier this fall, she is feeling well and, as she says, "I'm very proud that I still drive a car."

Antioch has always been a friendly town to her. Among the changes she has seen, she notes the

new building projects, the Antioch Aqua Center (named by her son, Howard), and the removal of stately elms on Main St.

One thing has not changed. Mrs. Gaston is still a faithful and avid reader of the newspaper she and her husband worked on in a little frame building 50 years ago.

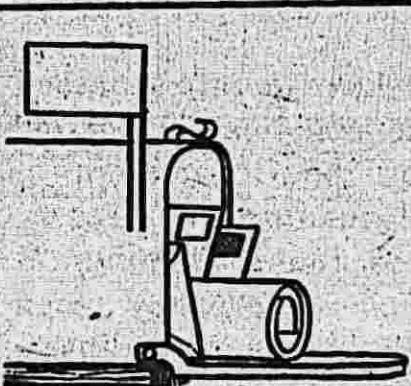

A luxury is something you don't need but can't do without.

The Antioch News hopes you have a happy day.

BJ's Fashions Expands And Improves Downtown

Bill Patterson owns a clothing store on the east side of Antioch's Main Street and, if there's one thing that makes him stand out among the community's businessmen, it's his faith in the future of the downtown shopping district.

He not only has faith; he works at it ... as a vice-president and spokesman for the Antioch Chamber of Commerce and Industry.

Patterson's belief in Antioch's central business district is being displayed on his fourth anniversary as an owner and manager of BJ's Fashions for Men and BJ's Closet.

He has expanded BJ's Closet by 1,500 square feet, connecting his store at 931 Main St. to the back of Corbin's Travel Agency at 927 Main St. It is a beautiful addition and one that shoppers are very impressed by when they walk into it.

"THE EXPANSION GIVES US the room to merchandise apparel for the individual who wants to dress in the casual fashion, such as jeans, sweater tops, Western-style shirts, the cottons and the corduroys," Patterson said. "Not only the youngsters but men, too, have expanded into this area. We're now giving them a wider selection and a much more comfortable, easy way to shop for this casual wear."

Patterson feels his addition gives Antioch "the equivalent of a youthful or casual shop that you would find in a mall such as Lakehurst or Hawthorne ... a broader selection than Antioch has offered in the past."

"We've also created a rear entrance, so they can park in the back of the building now," he said.

BILL PATTERSON ATTENDS a lot of village board meetings and champions such needs as better parking and traffic flow in the downtown area.

"We have so much to offer," he said. "If we take a positive attitude toward the central business district, it will stay vital for years to come. But we must not neglect the needs or the lifestyle of the consumer. We must give him the parking and traffic conditions that are conducive to the things people expect when they're spending their money."

"The sales tax figures prove that the growth is here in Antioch," he added. "We're the shopping hub of the lakes area. If I didn't have confidence in the downtown, I wouldn't have expanded, and the landlords and the people operating the businesses

PART OF THE BEAUTIFUL new addition to BJ's Closet is shown in this photo with salesmen Larry Hanson (left) and Roger Aronson. The

addition expresses owner Bill Patterson's faith in Antioch's central business district.

take the proper attitude, with the cooperation of the village board and the Chamber of Commerce."

He mentioned such things as the "face-lifting of buildings, cleaning them up, and taking the necessary interest toward shoppers and their needs."

Then he added:

"One item that everyone must keep in sight is that most communities seem to form a honeycomb around their central business district, and when it starts to decay it seems to reflect the whole town. It's certainly one of the first things people notice and we should keep our downtown a bright star that shines for many years to come."

HE ALSO HAD SOME nice words to say about The Antioch News, calling it "a small-town paper that gives a feeling of romance, reflecting the moods and feelings of the village and its people. It is very necessary and important to the community to have a newspaper of this quality."

Returning to the parking subject, Patterson said:

"Off-street parking has always been one of my primary concerns. The village board and all of us know it is necessary to work very diligently to create parking that will enable people to shop with convenience. We need the customer more than he

needs us. Without him, we're lost, and if we lose sight of the customer's importance, he'll go somewhere else to fill his needs."

PATTERSON HAS 5 PERSONABLE employees: Roger Aronson, Scott Clark, Mark Lewis, Larry Hanson and Steve Baczynski ... plus his sister-in-law, Charlotte Patterson, as bookkeeper.

"Our new expansion is going to make our business much more youthful," he said. "The market is becoming more youthful with a more leisurely attitude and lifestyle being taken. Our new addition allows people to choose different types of clothing for different types of occasions, such as dress, boating, yardwork, working in the basement, or just bumming around."

But Bill Patterson isn't bumming around. He's working hard to keep Antioch's downtown "the shopping hub of the lakes area."

Drought Loans Available

Lake County is among 50 counties designated by the Department of Agriculture for Farmers Home Administration emergency loan assistance, according to Robert C. Becker, county supervisor at Belvidere.

Mr. Becker noted that a shortage of rainfall had caused severe yield reductions in some parts of the area creating a need for emergency credit. He said that farm operators who are unable to obtain needed credit from other area lenders may apply for loans at the Farmers Home Administration office on Appleton Road, Belvidere (USDA Bldg). The telephone number is 815-544-3567.

The final date for filing applications for physical property losses is December 30. The last date to apply for production loss loans is July 29 of next year.

Along the way with ANNIE MAE

It's almost time for the holidays and that means more shopping in downtown Antioch. Patronize your local merchants, but remember, parking in the village is being patrolled closely!

And speaking of the holidays, be sure to check out the goodies and crafts tomorrow and Friday at St. Stephen's Church bazaar and bakery. From 10 a.m. to 8 p.m. the sale will be held at "the top of the Hill" on Rt. 59.

RAY GLASSMAN and Associates have opened a new store at 382 Lake St. Shoppers have noticed the charming furnishings, draperies and carpeting they feature.

Interior decorating services are also offered and Ray tells us that Merchandise Mart furnishings are available to his customers.

GET WELL wishes go to Ina Larson, who is recovering from surgery. We hope to see her back to work real soon at the State Bank of Antioch.

DON'T FORGET THE BIG Christmas events being planned by the Antioch Chamber of Commerce and Industry. Mark them on your calendar now:

Santa Claus arrives at 12 noon on Saturday, Nov. 27. He'll come down Main St. on a fire truck, then visit with youngsters from 12:30 to 5:30 p.m. at White's Ice Cream Parlor.

On Friday, Dec. 3, The Chamber and village officials will hold a community tree lighting ceremony at 6:30 p.m. at the village hall. Everyone attending should bring an ornament to help decorate the community Christmas tree.

Stores will begin Christmas hours on Friday, Dec. 3, staying open till 9 p.m. Monday through Friday, and opening from 10 a.m. to 4 p.m. on Sundays.

MEMBERS OF THE Antioch Bicentennial Commission will have a nostalgic final meeting at 7:30 p.m. on Tuesday, Nov. 30.

The group, headed by Bill Brook, gave the community a series of outstanding events to celebrate our country's 200th birthday. Remember Paul Revere's ride? Colonial Capers? Warren Polley and others took a lot of color slides during the bicentennial and they will be shown at the commission's final meeting.

We doubt if any other community matched Antioch for creative bicentennial events and continuity in carrying on the celebration.

SCOUT CALENDAR TIME—Once again, scout representatives in the Antioch area gathered at the State Bank of Antioch to pick up the Boy Scout and Cub Scout calendars for 1977. The calendars are furnished annually by the State Bank and distributed by Boy Scout Troop 92 and Cub Pack 192 to all of their scout membership.

Back row, left to right, Bernie Dost, scoutmaster for Troop 92; Bill Groeninger, assistant cashier and Cub Pack 192 institutional representative for the State Bank; Dick Ronayne, cubmaster for Pack 192. Front row, left to right, Ed Silva, Boy Scout Troop 92; John Wierschem of Cub Pack 192; Mike Ronayne of Pack 192.

Share the ride with a friend.

'Red Chief' Is For the Entire Family

"The Ransom of Red Chief" will be staged at Antioch's PM&L Theatre, 877 Main St., on Dec. 3, 4, 10 and 11 at 8:30 p.m.

It's a perfect holiday treat for the entire family during the season when family activities are especially welcome," said director Tom Hausman.

The Antioch Chamber of Commerce is also sponsoring its annual two performances on Saturday, Nov. 27, at 2 p.m. and 7:30 p.m. for the children of the area.

The show is included on the "Season 16" ticket. Box office prices are \$2 for adults and \$1 for students. You can make reservations by calling 395-3055.

"THE RANSOM OF RED CHIEF" is a delightfully entertaining adaptation of O'Henry's famous story of the kidnaped boy, Red, known as Red Chief, who is such a holy terror that the question soon becomes: Will his uncle pay to get him back - or will the erst-while kidnapers have to pay to get rid of him?

Andrew Biel, a sixth grade student at the Antioch Upper Grade School, will portray the "Dennis the Menace" Red Chief. Andrew has been in church school plays and has been in the Antioch Methodist Church youth choir. He also plays tuba in the grade school band.

Don Beveroth, from Paddock Lake, Wis., plays kidnaper Sam Blake. Don shines as a character actor and has been active in PM&L for years as actor, director, president for two years, and now as board member.

Mark Jamison, playing the second kidnaper, makes his PM&L stage debut. He has a degree from the Northwestern speech and drama department, and has been a producer of shows on radio and TV. He did the lighting for several PM&L shows last season.

Ebenezer Dorset, Red's uncle, is played by George Blanksten of Antioch. He has had several characters roles and was most recently Mr. Hassler in the Pajama Game.

Shirley Bunker from Antioch portrays the housekeeper, Mrs. Rudge, who tries unsuccessfully to keep Red under control. Shirley has appeared in several roles, including one of the sisters in Prisoner of Second Ave.

Dena Fabry of Lindenhurst plays Jane Chandler, Ebenezer's younger sister. She has appeared in musicals (Lady Audley in Lady Audley's Secret), dramas, and children's plays.

Her daughters in the play are Debbie Beno from

Wildwood, Susan Apostol of Antioch and Linda Stafford of Lindenhurst. Debbie appeared in Pajama Game and Carnival, Susan was one of the younger daughters in Fiddler on the Roof, and this is a "first time" on stage for Linda.

MARY ALICE IS PLAYED by Sue Dyer of Antioch, who was the little girl in "Wait Until Dark" several years ago. Her mother, Mrs. Muller, is played by her actual mother, Yvonne Dyer, who appeared in "Lend an Ear" several seasons ago.

Miss Oliver and Miss Russell, two "dippy" bird watchers, are played by Nancy Balmes and Tracy Teltz of Antioch.

Nancy has been handling phone reservations for PM&L this season and was in last year's childrens play, "The Golden Grotto."

Tracy Teltz finally climbed out of the piano pit and landed on stage for this show. She was also one of the urchins in "The Roar of the Greasepaint."

Constable Jones, a loveable hometown policeman, is played by Louis Vasseur of Gurnee, who joined PM&L with "Carnival," starring as Paul.

"The cautious seldom err." Confucius.

St. Peter's Bazaar A Success

help they received. The bazaar included a drawing, with prizes won by the following: first, wreath, Ruth Sheehan; second, afghan, R. Ullrich; third, crevel picture, Jo Sili; fourth, quilt, Joan Vis-tain; fifth, oil painting, J. Jendryczka; sixth,

afghan, Larry Bail; seventh, shawl, Lil Martin.

Winners in the children's contest (first through sixth prizes) were: Mikey Gedville, Cindy Lyons, Eileen Zannini, Barb Madden, Matt Sexton, and Lucille Chylewski.

Superb Talent Made Christmas Play Beautiful

By ERLENE PEARCE

"Amahl and the Night Visitors" is a Christmas story, beautifully brought to life last weekend by The Fools Players, under the direction of Ken Smouse.

Although everyone in the production did a great job the superb talent of Mary Chris La Kome, as the mother, and Ken Smouse, King Casper, were particularly outstanding.

Tim Collins, Amahl, was surprisingly good for one so young. His timing was excellent and he was quite believable as the little cripple who sees the wonderful star. (Much to the disbelief of his mother who sees only their own poverty and accuses him of lying.)

DESPITE THE SERIOUSNESS of the story one of the lighter moments occurs when Amahl tries to tell his mother of the king knocking at their door in the middle of the night - of course, she doesn't believe him and again accuses him of lying. A second knock, Amahl tells his mother he was lying, there really are two kings! Oh, no! This is too much! After a third knock he finds three kings and sings, "Mother, you won't believe me. See for yourself."

She is not convinced until she goes to the door herself and is amazed to see three kings with wonderful gifts for the "Child" which the star is guiding them to. Again showing his mother he was indeed telling the truth about the wonderful star.

Ken Smouse, as the hard of hearing King Casper, and Tim Holm, as the page, add a wonderful touch of humor.

Wayne Sobczak and Bill Sershon effectively portray the stately kings Melchior and Balthazar.

The shepherds, summoned by Amahl, add to the effect as they enter from the rear of the auditorium singing and bearing gifts of food for the kings.

AFTER ENJOYING THE FOOD and dancing of Tricia Schaefer, one of the Shepherdesses, the

kings bid goodnight to the shepherds and prepare to rest before continuing their journey.

When the mother, the only one still awake, decides to steal some of the gold she sings, "Do the rich people know what to do with their gold? I could feed a starving child." Miss La Kome sang with so much emotion it was hard to hold back the tears. (Some of us didn't.)

She is caught by the page and another "hanky number" happens when Amahl leaps to her defense.

All ends happily when Melchior explains what kind of child they are seeking and offers to give her the gold she has taken. She refuses and wants to send a gift of her own, but has nothing because of their abject poverty. A miracle happens, Amahl leaps and dances around the stage, no longer a cripple when he gives his only possession, his crutch, to the Child and leaves with the kings to visit the Child.

Gian-Carlo Menotti, the composer, may have written it for children but everyone in the audience at Antioch High School, adults and children alike, were totally involved.

But then he may have written it for the child in all of us.

Currently employed law officers can apply for the funds if they are or will be attending CLC.

THE SYMPHONIC WIND ENSEMBLE at the college will perform in concert Sunday at 4 p.m. The performance, open to the public without charge, will be held in building 1.

Included will be selections from "Camelot" by Lerner and Loewe and excerpts from Richard Wagner's "Die Meistersinger."

The musicians, led by Don Perrilles, include (from Antioch) Scott Palka, David St. Pierre, Patti Thamerus, Glenn Weinberger and Guy Weinberger. The only member from Lake Villa is Rebecca Montooth.

4-H Benefits From Pancake Breakfast

Fifteen persons won prizes and about \$500 was raised for 4-H projects Sunday when the third annual Lake County 4-H pancake breakfast was held at the First National Bank of Antioch.

Carolyn Van Patten, who was in charge of the event, said about 550 persons attended.

Winners of hams were Silvia Meuter, T. Pratt, John Harrison and Mark Aschbacher.

Winners of roasts and other pieces of pork were Jody Watson, Gordon Wells, Mitchell Szot, Leta White, Mike Noncek, Pat Dittmer, Irene Griffin, Warren Polley, Bonnie Otis, Julie Miller and Steve Thelen.

"PLANNING THE PANCAKE fund-raising involved much cooperation between the staffs of the First National Bank and the University of Illinois Cooperative Extension Service, supervisors of the 4-H program," Bill Messerschmidt said.

Mrs. Van Patten is the mortgage officer for the First National Bank. She originated the fund-raising idea three years ago.

Bank president, Mr. L. M. Woods, supported the idea.

VOLUNTEERS FROM BOTH organizations worked hard in planning and conducting the event. Bank employees worked in the kitchen preparing the food. This included Mr. Woods, along with 4-H advisers Messerschmidt and Dorothy Shoemaker who helped flip pancakes.

4-H teens took charge of serving the people and clearing the tables. The bank donated part of the supplies needed for the breakfast.

Proceeds help fund the county 4-H exchange, both interstate and international cultural studies.

GENERAL CO-CHAIRMEN Dan and Joanne Dugenske are praising the hard work the committees are doing to make one of Antioch's last bicentennial events a success.

Hank and Rickey Apostol, decorations co-chair-

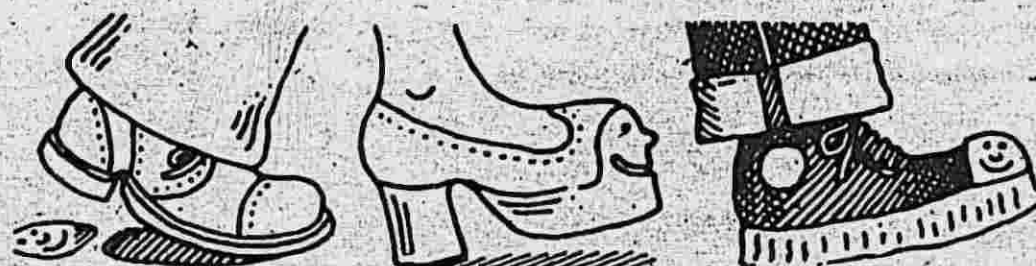

men, promise a "Theme Supreme." Babe Wagner will play the organ before dinner.

Antioch Students Are Tops With Toothpicks and Glue

Antioch High School teacher Paul Boardman's students designed and constructed bridges using only toothpicks and Elmer's glue as materials.

Students from Grayslake, Round Lake and Antioch high schools assembled at Antioch for their entries to be judged for beauty of design and strength.

"As I witnessed the stress tests I felt a tinge of sadness, because the only way the ultimate strength could be determined was to apply weight until the bridge literally came apart and was destroyed," said Superintendent Warren Polley.

The ultimate strength of one bridge remains unsolved. After 200 lbs. of weight was applied to

Paul Boarini's bridge "we all gave a sigh of relief when he chose to stop the testing and retain the project intact," Mr. Polley said.

There is a 10 lb. weight to distribute the stress and Paul weighs 160 lbs.

Other students from Antioch who entered projects were: Tom Podlin, Scott Grunewald, Don Behne, Jim Sertic and Mark Stewart.

Winners from Antioch:

Beauty - Mark Stewart, 1st place, Scott Grunewald, 2nd place.

Originality - Mark Stewart, 2nd place.

Weights - Paul Boarini, 1st place, Scott Grunewald, 2nd place. Tom Podlin, 3rd place.

## Police Department Has New Employee

That fellow putting tickets on cars in downtown Antioch is really a very nice young man.

He's just doing his job, in response to the village and Chamber of Commerce's crackdown on parking violations.

William Zeason, 20 has been hired as a parking attendant and school crossing guard.

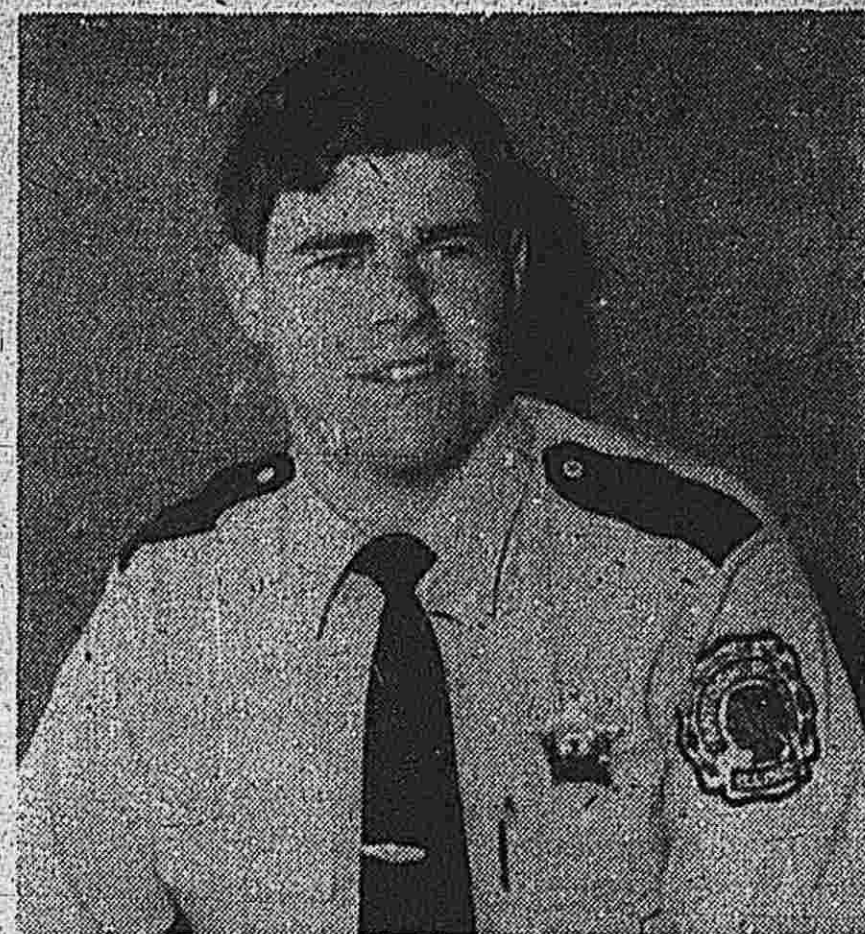

William graduated from Antioch High School last June and spent the summer working at Marriott's Great America as a security officer.

He also is working toward an associate degree in law enforcement at the College of Lake County.

"My goal is to be a police officer. I just want to be a good cop," he said. "I feel fortunate that Chief Wells hired me for my present job; everybody I work with at the Antioch police station is really great."

His father, Sgt. Fred Zeason, is day shift watch commander for the Lake County sheriff's department. And his mother, Eunice, works at the Antioch Tailor Shop on Main St.

While announcing that William has been hired as a crossing guard too, Chief Jack Wells

reminded motorists that the speed limit in all school zones is 20 miles an hour when children are present.

So overtime parkers and speeders aren't being tolerated in Antioch.

## 'Pretty Boy' Pete Wrestles Saturday

Professional wrestling returns to Twin Lakes Wonder Bar Ballroom Saturday at 8:30 p.m.

In the main event, "Pretty Boy" Pete Colt, the Wisconsin state champion, will defend his title belt.

Colt has successfully held his title for three years. However, Saturday "Pretty Boy" will have to contend with one of the fastest and most scientific matmen around in "Flying" Vic Eagles.

The other main event will also be a "championship match" for the vacated Midwest Tag Team Championship.

The team of Steve Dalton and Bob Ammel will battle with British team of Colonel Roger Peabody and Dorian Poole.

Peabody and Poole have been touring the United

States for almost a year. Their purpose, they say, is to conquer all Yankee opposition during this bicentennial year.

Other bouts will include Vince "The Body" Stern versus "Country Boy" Humphrey, a 320 pound Kentuckian, and Dan Christo against The Avenger, a masked wrestler.

Admission prices are \$2.50 for adults and \$1.50 for children under 12. Doors open at 7 p.m.

A 60-watt light bulb burns 17 hours for the same money it takes to light a 100-watt bulb for 10 hours. In 1920 the total electrical generating capacity of the United States was 20,000 megawatts. By 1974 it had increased 20 times to 400,000 megawatts. ## Pfarr from the 1-3 Pocket

By JERRY PFARR

The scores are higher and the competition is better than ever at Antioch Bowling Lanes this season:

Take, for example, 21-year-old Russ Bain's 211 average in the Sunday scratch league. Roy Hartman has a 199 average in the same league.

They bowl four games each Sunday and Roy has had 94, which amounted to a 236 average that day. Russ has hit 916, a 229 average for four games.

IN THE LANES' other scratch league, the Antioch Majors, Mitch Gajewski is holding a 204 average.

In the Wednesday Businessmen's league, Hartman and George Ptack are both averaging 191 while George Nerroth is carrying a 189 average. Hartman has had a 273 game and a 673 series, while Nerroth has hit 254 and 669.

The women's leagues have been producing high scores and averages, too.

In the Antioch Ladies Classic, the First National Bank team is far out in front with a 29-7 record. Jane Hartman's 173 average is tops individually.

IN THE PINSPOTTERS' league, Donna Smith is averaging 176 with a high series of 573. Lois Hartman has a 173 average and high series of 554.

Donna also leads the Tenpin Topplers with a 168 average and high trio of 555. Nancy Johnson had a 258 game and a 594 series in that league and is holding a 152 average.

The Castaways league is led by the World Famous Village Pub team, which has a 20-10 record. Carol Mack is the leading bowler with a 167 average. Her high scores are 269 and 599.

Now the women are aiming at 600s and the men at 700s. It's still early in the season, so bigger scores are sure to come.

## Young Bowlers Hold Tournament

A tournament was held last Sunday at the Antioch Bowling Lanes for the youth bowlers who displayed a colorful array of shirts. These shirts, worn during league play and tournaments, are provided by a group of interested sponsors.

The league invites sponsors to see the bowlers as soon as possible and meet their team members. The Junior-A and Junior-B leagues bowl at 9 a.m.

Sponsors for the Junior-A League are: Antioch Dairy Queen, Hod

Disposal, Hicksgas of Lake Villa, Salem Auto Service, Antioch Reporter, Antioch News, Kentucky Fried Chicken, Antioch Carpet, Erickson's, Antioch Supply, Inc., Hallmark Little Gallery and The Boot Jack.

Sponsors for the Junior-B League are: Hahn Jewelers, Haley Brothers Cleaners, Antioch Schwinn, White's Ice Cream Parlor, Bernie's Deli, Cunningham Cartage, Unfinished Business and Antioch Savings & Loan.

The Preps, who bowl

at 12 noon, are divided into two leagues, National and American. The entire National League, wearing yellow shirts, is sponsored by the State Bank of Antioch. The entire American League is sponsored by the First National Bank of Antioch and are in purple shirts.

## Antioch Bowl Works Together

By LOIS HARTMAN

There has been a lot of excitement in the Youth Bowling Leagues at Antioch Bowl during the past few weeks. This year 240 registered bowlers compete and already we have had some outstanding scores rolled.

In the junior division, 15-year-old Tom Nedved had a 236; 16-year-old Jim Gutowski, 575 series; 15-year-old Andy Drzewski, 235 game, 624 series; 15-year-old Jim Collis, 581 series; 15-year-old Janie Jorgensen, 177.

Not to be outdone by the juniors, the preps have also had record scores: Diane Pahlke, 171, 440 series; Scott Snarski, 177; Liz Stephen, 150; Ron Padjen, 154; Todd Michalski, 166, 415 series; Tom Christiansen, 179, 501 series. Last, but not least, 12-year-old Carl Amundsen had a 214 game. Carl had five strikes in a row and was 112 pins over his average for that game. All of the above scores have qualified these bowlers for patch awards

from the State Youth Bowling Association.

THE BOWLERS are not the only ones involved on Saturday mornings: owners Joe Sterbenz and Marty Padjen are on hand to get the bowlers started. David LaForge is everyone's pal as he endlessly fills the candy, pop, and chip machines. He also chases behind the lanes if we need a pin set up.

On hand also is Jack LaForge who works the counter, making change, handing out shoes, answering the phone and making everything run as smooth as possible for yours truly, youth bowling coordinator.

WE HAVE A NUMBER of faithful coaches and scorekeepers who give their time each week to help these bowlers improve their skills. A lot of bowlers know Joe Costa, a regular coach in the youth program for a number of years. The other coaches in the junior division are Dale Norris,

Where Are You Now...

Lance Alworth?

"Bambi" is on the all-time AFL team. He was an league 7 times; in 3 championship games with San Diego, Dallas. He holds NFL records for pass catches in 98 consecutive games; most seasons (7) with 1,000 yards. Now 36, he's in real estate in San Diego.

John and Jim Christiansen, and Larry Hill.

At noon the prep bowlers have two more regular coaches, Sue Hallwas and Carol Mack. They work with the beginners, and give them the much-needed encouragement that a new bowler needs. Helping out on a part-time basis are Sue Schaefer and Louise Gutowski.

A special thanks goes to our scorekeepers who make my work much easier: Bob Svoboda, Pat Stender, Donna Smith, Bonnie Prining, Estelle Pahlke, Sandy Hartman, Judy Cook, June Ballenger, Stan Bieniasz, Roy Hartman, Pat Damit and Ken Stankus. Our part-time scorekeepers are: Gayle Milowski, Marie Richter, Pam Knourek, Karlene Johnson, Carolyn Strickroth and Karen Bartuska.

As you can see, a lot of people are involved. We appreciate all their help and especially for caring enough to get involved with our youth!

## IT'S HIGH TIME WE TOOK LIFE A LITTLE SLOWER

In 1975, 9400 fewer people died on our highways than in 1973, when speed limits were over 55 mph.

IT'S THE LAW.

# Sequoits To Open Basketball Season

There are two things about Antioch Sequoit basketball fans:

1. They care about their team more than any crowd in the area.
2. They're accustomed to seeing their Sequoits win.

Next week we start finding out if No. 2 will be the case this year.

ANTIOCH HIGH SCHOOL opens its season next Wednesday, Nov. 24, in the Barrington Thanksgiving tournament.

It's a four-team, round robin event and here is the Sequoits' schedule:

Wednesday, Nov. 24 - Elgin Larkin at 8:30 p.m.  
Friday, Nov. 26 - Barrington at 8 p.m.  
Saturday, Nov. 27 - Cary-Grove at 6:30 p.m.

AFTER THAT, THE SEQUOITS will get involved in a 16-game conference schedule. Last year they had 13 conference games, won 10 of them, and wound up second to Woodstock.

Coach Roger Andrews figures Woodstock and

## Next Wednesday in Tournament

Grant will be very tough again this winter.

Fans who would like a preview of this year's Antioch team are invited to attend an intrasquad scrimmage at 10:30 a.m. Saturday at the high school gymnasium.

Antioch's overall record last year was 16 wins and 9 defeats. Since four starters and eight lettermen have graduated you might figure the current Sequoits will have a hard time matching or beating that record.

HOWEVER, COACH ANDREWS has 12 interesting juniors on this year's varsity. Last year, as sophomores, they had a 21-3 record.

"It's hard to say how we'll do," the coach said Monday. "The juniors are a very talented group with a lot of basketball know-how and savvy. They're quicker than last year's team and we hope to utilize their speed. Plus we have a little more depth than last year. But I don't know if we have better shooters."

Gone from last winter's team are George Ferguson, Scott Kimball, Mitch Witt and Jon Bodin... four talented players. One starter is back, Pat Houghton, who now is a senior.

The squad includes four other seniors: Mark Stewart, Drew Dietz, Bruce Kecskemety and Steve Pilcher.

JUNIORS LOOKING GOOD include Bill Dubek, Brian Andrews, Tracy Sodman and Tim Huebner. Tim is 6-foot-5, Dubek 6-4, Kecskemety 6-4 and

Sodman 6-3...so the team has some height.

Other juniors on the squad are Tom Huebner, John Eder, Mark Herman, Dennis Korjenek, Chris Ano, Jeff Mulder, Greg Shanks and Bill Strzelecki.

The varsity managers are Pat Mullins and Neil Fossum.

As we mentioned, we'll get a look at the new Sequoit team in Saturday morning's intrasquad game. Then we'll see them against some tough competition at Barrington.

After the Barrington tournament, the Sequoits will launch conference play on Friday night, Dec. 3, at Warren. The first home game is Saturday night, Dec. 4, when Lake Forest drops in for a non-conference clash.

The New York Yankee broke Babe Ruth's home run mark with 61 in 1961. Retiring in '68 after 12 seasons, he hit 275 homers and had a .280 batting average. The 7-time All Star played in 6 World Series. Now 42, he owns a beer distributorship in Gainesville, Fla.

## Viking Awards Tonight

The 1976 Antioch Viking Football awards banquet will be held tonight (Wednesday) at the Antioch High School commons.

A buffet dinner will be served at 6:30 p.m. A charge of \$3.25 per person will be collected at the door.

Team members, coaches, cheerleaders and their families are invited.

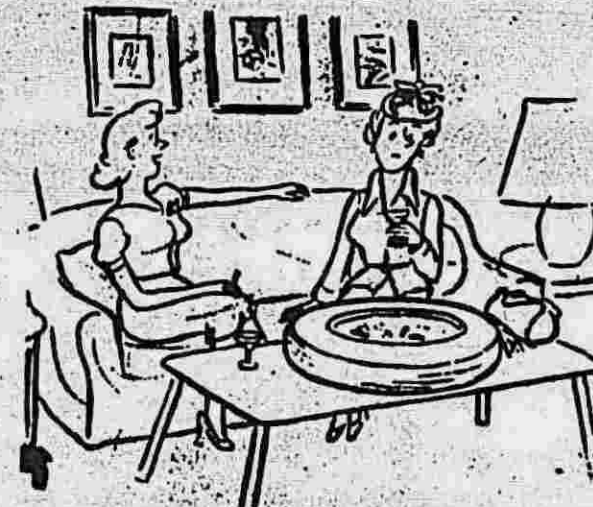

Contrary to popular belief, owls can see in the daytime.

Roy Nelson, Antioch High School varsity coach, will be the main speaker, Antioch High School's Steve Wapon, assistant varsity coach; Richard Brown, sophomore coach and Don Zeman, freshman coach, along with two members of the varsity team also will provide some comments.

A drawing to select the winning "benefit ticket holders" will be conducted. Viking team and individual awards will be presented.

The 1976 Viking teams were comprised of 110 boys divided into four teams, heavyweights, lightweights, and two featherweight teams, the Viking Warriors, and the Viking Raiders. There also were 19 seventh and eighth grade cheerleaders.

## Sil Calls Meeting

Promoter Gordon Sill of the Waukegan Speedway has called a meeting for owners and drivers interested in his new "Late Model Modified" class. The meeting will be at 8 p.m. Wednesday, Nov. 24 in the Darnell-Timan Industries Shops on Rt. 41 near Lake Bluff.

This new class will offer drivers an opportunity to race a budget-priced car in late model type competition. The cars will feature compact car bodies such as Pintos, Gremlins, Vegas and any chassis with any small block engine.

However, this class will incorporate a number of cost-saving specifications including two-barrel carburetors, Series 60 tires, truck rear ends and a number of other ideas to keep cost at a minimum, yet allow for the construction of a safe, quick race car.

Ralph Timan of Darnell-Timan reports he has already constructed several chassis for this division and he plans to have at least one car on display.

The new "modified" class will not replace the late model "super stocks," but rather will run on their own night with the more expensive "super stocks" on another night.

The Darnell-Timan shops are located on the west side of Rt. 41 (two miles north of Rt. 176 and across from the Goodyear Plant at 860 Skokie Hwy., Lake Bluff.
